We welcome you to Lily Dale Assembly, the World’s Largest Center for the Science, Philosophy and Religion of Spiritualism, now celebrating its 139 year. Each day of the season offers a series of events and experiences to bring information, enlightenment, hope and peace to those who open their hearts to receive.

There are daily lectures on the wonders of mediumistic phenomena and the basic truths of God and Man, which Spiritualists adopt as their standard for living.

Demonstrations of clairvoyance are given at services held every day for the visitors by mediums devoted to their service.

The Healing Temple is available for meditation on the renewing and uplifting of spiritual and physical energies. Spiritual healers are present to work with those who desire individual healing energies.

Classes on a broad range of subjects related to the development of Man’s potential as a spiritual being are offered throughout the season. Thought Exchange evenings are designed to give free exchange of information as well as to answer the many questions of the seeker.

We are dedicated to the service of God, Spirit and Mankind. This, to the members of the Lily Dale Assembly, is the foundation upon which all else is built. We open our community to you that you may experience that, which is for your highest and best. We encourage you to participate in the activities and to open your minds and your hearts to receive.

It is our hope that you leave us with peace in your heart and a deeper awareness of your divinity.

There is but One Power, God, the Good, Omnipotent

President Neal Rzepkowski welcomes you to Lily Dale

On behalf of all of the Spirits of Lily Dale, both those living here in physical bodies in this dimension, as well as those “from the other side” who join us, it gives me great pleasure to welcome you to our grounds, and to our program.

I hope you will take some time to become aware of the peaceful and healing “vibrations” of our safe and magical place. Here, some amazing things can be observed and experienced which may challenge your rational, logical mind. Yet, many forget that scientific studies have repeatedly shown that consciousness survives, even if our physical bodies do not.

Now, here in this “physical reality” where your consciousness is aware of You as “you”, we hope you can take advantage of the many opportunities we offer. Let us help you to expand your psychic/mediumistic abilities, to deepen your sense of peace and serenity, and to feel the love and support of those whom you once knew and loved while they were on the “earth plane” and who now reach to you in love from “higher planes”.

Neal Rzepkowski – President, Lily Dale Assembly

GO GREEN! Campaign

When you come to Lily Dale you will discover that we live in a wonderful array of woods, forests and natural habitat, which is why, here at Lily Dale it’s important for us to do what we can to save our environment.

In past years we have always given you an extensive amount of information in our brochures, and just because our quaint village resembles the 1800’s it doesn’t mean that we haven’t moved into the technological age. Our website is interactive and provides you with all the information so that you can plan and book your journey to beautiful Lily Dale.

This year is the start of our “Go Green!” Campaign and so we have reduced the size of our printed brochure and so you will have an overview of the 230+ workshops that we are hosting along with all the information of our daily, weekly and social activities to make your trip to us memorable. So if you see something that sparks your interest, go to our website and find out more.

If you have signed up for our online brochure you will discover that it has been conveniently linked to all our workshops this year. So with a click of a button you can sign up to enjoy all your favorite authors, speakers and teachers. If you wish to sign up and be ahead of the game for next year then all we need is your email.

As part of our campaign we are asking you to recycle your brochure that you are currently reading. If you do not wish to take it as a souvenir of your trip to Lily Dale then please find one of the “brochure recycle” racks so that we can make use of it again.

Recycle your bottles and cans in the areas provided and use the water in the hotels and guest homes efficiently.

We hope that you enjoy our beautiful home that we fondly call ‘the Dale’, and treat it as your own while you are here, and help us save our environment.

Many thanks,

Lisa Williams – Vice President, Lily Dale Assembly

Lily Dale, A Certified Wildlife Habitat

The National Wildlife Federation (NWF) certified the Lily Dale Assembly as a “NWF Community Wildlife Habitat” in 2016. The Environmental Committee successfully created this habitat with the cooperation of Lily Dale Assembly members. Lily Dale is one of only two communities in New York State to achieve this certification.

The NWF celebrated Lily Dale Assembly’s continuing efforts to create and maintain garden spaces that improve the habitat for birds, butterflies, frogs and other wildlife. These garden spaces and special woodland areas provide the essential elements needed by all wildlife, such as natural food sources, clean water, cover, and places to raise your young. You can see some examples of our supportive building efforts around Lily Dale, including new bat houses in the parks and the Purple Martin house at the beach.

We invite you to visit the following nature areas that promote our woods and wildlife.

• Lakeside Rain Garden opposite the Maplewood Hotel;
• Our Old-growth Forest, The Leodyn Woods;
• The Leodyn Woods Nature Trail beginning at the corner of South Street and East Street;
• The Boulevard Nature Trail beginning at Fox Cottage Meditation Garden;
• The Butterfly Habitat opposite the Lily Dale Cafeteria in the Caldwell Park area.

IT’S DIVINE-ING! WEEK
Friday August 3 through Thursday August 9

To divine is to see with a greater vision beyond what presently might be known. But from where and whom does this greater vision come? Is it the Divine Self within us? Certainly. But through the centuries we also have received tools that help us to see farther and know more – tools that spring from our deepest mystical histories. Join us this week to gather those tools, from Tarot to numerology, from astrology to divining rods, from tipping tables to tapping the Akashic mind, and from ancient symbols to accessing the God within. You, too, will see farther and know more when you step beyond the bend of time into the boundless world of the Divine!

If you’re not certain which you’d like to do, just ask your Divine Self!

Every spirit circle has the potential to be vibrant, creative, and exciting, yet many spirit circles fade away over time. Each spirit circle holds its own energy, brought to life through strong, healthy practices, and procedures manifested with loving compassion.

Barbara was a treasure and a brilliant light to thousands in her life’s work spanning more than 30 years. Weaving her expertise as a gifted clairvoyant and a certified hypnotist, Barbara offered programs, classes and seminars to improve the quality of people’s lives in amazing ways. Her devotion to the happiness of her clients was a hallmark of all that she did.

One of Barbara’s greatest joys was spreading the Love of God to people through the gift of prophesy.

She was a woman who had a fierce commitment to the positive and the possible; who literally walked on fire; and who beautifully blended both strength and power with gentleness and caring. A vibrant and honorable soul, she was a woman who truly walked her talk. Surely, the angels in Heaven sang when she joined them.

An inspiring motivational speaker and seminar leader, she presented extensively on a variety of topics throughout the Country, including Lily Dale Assembly and Atlanta’s Body, Mind, Spirit Exposition. In 2015, Barbara received the prestigious “Order of Braid” Award from the National Guild of Hypnotists, which recognizes a lifetime of outstanding achievement, service and dedication. She served on the esteemed faculty of the National Guild for many years. Barbara’s hypnosis sessions integrated her unique insights, creating profound results.

She was founder and director of World Enlightenment Resources in Connecticut. Barbara was a regular columnist in the “Door Opener” Magazine and had her own popular weekly radio show, “Psychic Insights”. Known for the excellence of her insights and predictions, Barbara’s extensive consultation clientele spanned the Nation. Her sessions were often transformative and even astounding in their clarity and foresight, such as when her clairvoyance saved a little boy’s life. Barbara brought an imprint of loving care to each session.

Rev. Barbara Dryden-Masse leaves a legacy of love, goodness and happiness to the many lives she touched and on to the lives whom they touched. She will be missed.

John C. White has been a teacher of the spiritual sciences for over 40 years.
School of Spiritual Healing and Prophecy
A comprehensive two-year Certification Program in spiritual enrichment

Self-Discovery Is the Key

If you feel that the next step in your spiritual development could include a firm commitment to profound spiritual discovery and the joy of living your spiritual truths in an everyday, practical way, then this School is for you. In this concentrated two-year Certification Program we bring together a world-class faculty of instructors representing many different spiritual disciplines.

Our teaching approach is rooted in deep meditation and spiritual healing approaches that will move you through and beyond your mediumship and psychic abilities into the realm of actual prophecy. The unique Live Learning™ process we developed to teach our Spiritual Insight Training programs, keeps us on the cutting edge of body-mind-spirit integration and will empower you to absorb large amounts of material in short periods of time, while simultaneously capturing and distilling the essence of what our faculty has to teach you.

Our weekend and week-long retreats provide a relaxed, distraction-free environment where you will accelerate the pace of your inner awakening and experience new spiritual capabilities, stimulating growth on all levels of your life simultaneously. You will learn to use these techniques in practical applications every day, from this point forward in your life.

By sharing your discoveries with one another you will be brought into a new awareness and a deeper understanding of both yourself and other people.

OBJECTIVES OF THIS TWO-YEAR CERTIFICATION PROGRAM

Our aim is that every graduate of this program be able to confidently and competently demonstrate the following abilities:

1. Reach deep levels of inner peace through meditation
2. Use multiple approaches to directly channel and deliver effective spiritual healing
3. Bring accurate prophetic messages by means of Clairvoyance, Clairaudience and Clairsentience, and thereby assist themselves and other people in both spiritual and mundane matters
4. Experience specifically clarified spiritual direction to bring inner and outer activities of the student’s life into harmony
5. Create ceremony and sacred space for healing and worship
6. Organize and conduct development circles and workshops in meditation and healing
7. Use “Live Learning™” concepts, as desired, in all aspects of their lives

Our students come from diverse religious and spiritual walks. Because we believe each person’s spiritual calling is unique and personal, we offer three options for students who graduate from the School of Spiritual Healing and Prophecy: Mediumship and Healing Certification, Metaphysician Certification, and Ministerial Ordination.
A warm greeting to you
from all of us at Fellowships of the Spirit

Since 1988, Fellowships of the Spirit, an independent Spiritualist Church, has provided a place
to worship, dynamic in-depth training in Mediumship, the Healing Arts, and a broad spectrum
of spiritual studies for both beginner and advanced students.

Every year we invite some of the world’s most respected and effective teachers of spiritual
studies to present ‘master classes’ at our Lakeside Learning Center. Many of these seminars
are available simultaneously on-line as webinars.

Our Ongoing Activities include:
• Spiritual Insight Training
• School of Spiritual Healing and Prophecy
• Open Seminars
• Spiritual Development Circles
• Weekly Sunday evening Worship Services

As a part of our local community service we:
• Conduct the Daily Meditation in Lily Dale’s Healing Temple during the Summer.
• Co-chair a weekly Healing Service from September – June in conjunction with
  Church of the Living Spirit and Lily Dale Spiritualist Church.
• Continue to maintain the Labyrinth in Lily Dale (built by Fellowships in 1992)
  for enjoyment and learning of all who walk its pathway.

Spiritual Insight Training

This is the renowned transformational course which thousands have raved about... the course that started everything we do!

If you believe that communication with Spirit is only available to a few exceptionally gifted and unusual people – please think again. Fellowships of the Spirit believe it is the birthright of every human being to experience this connection, and this three-in-one weekend retreat will show you how and prove it to you!

**Meditation**

Learn the basics of spiritual meditation and the techniques that will enrich and deepen this experience. Discover the insight, clarity and lasting peace that come from practicing deep meditative states.

**Spiritual Healing**

Learn ways of opening your heart to allow Divine love and healing to move through your body into other people, and experience the joy and satisfaction of being both an instrument and a receiver of spiritual healing.

**Intuitive, Psychic and Mediumistic Development**

Learn a spiritually centered approach to unfolding and developing the abilities that you already have within you. Study the ways in which professional mediums work, and then discover your own inherent ability to give accurate spiritual readings!

**Retain These Abilities When You Get Home**

Even if you have never done anything like this before, this weekend course will show you how to recognize and trust the spiritual gifts that God has given you: gifts that will remain with you when you go home, and provide you with a solid foundation for continuing spiritual growth.
The Mediums individually set their appointments and fees. Some of your questions may be answered on the FAQ page of lilydaleassembly.org. Fees will vary. Please make sure to ask about length of time, fee and tapping before scheduling your reading. Fees and quality are not necessarily reflective. Please contact individual mediums directly for their detailed information.

Appointments are HIGHLY recommended
Lily Dale Assembly cannot guarantee the availability of individual registered mediums. Please do not call the Lily Dale Assembly office to arrange personal consultations.

Medium Services are also available during the off season.

RECOMMENDATIONS FOR READINGS
True success is a three-way connection between the medium, client and spirit. Arrive at the session with a positive and open attitude. It elevates your connection. Please arrive promptly as most mediums prepare themselves by quiet time and meditation prior to an appointment. Respect the process of each medium, and their abilities to bring loved ones and their messages. Let the mediums know if you understand as well, or if you need more clarity. Confirmation and validation are helpful to the outcome of a successful reading. Please ask clear and focused questions. If you are unsure about anything, ask the medium to explain. A medium realizes when the connection is over. Please do not prolong the session, when the contacts are plain. A medium realizes when the connection is over. Occasionally a medium and client may decide that another medium may be more suitable. Be truthful and courteous. A successful reading will uplift and inspire you and the medium. It often includes philosophy of Natural Law, contact with loved ones, guides and teachers, as well as prophecy.

Mediums and their guides are not fortune-tellers. You are guided with free will that allows you to make choices in life. This is a sacred and honored opportunity for you to have evidence of eternal life and inspiration through verbal healing. Be grateful for the guidance it provides.
